

**Fair Share Farm
Wish List 2010**

We are in the process of furnishing our intern house and buying equipment for 2010. The Core Group has suggested that we circulate a Wish List to the membership for some of the types of items folks may have around the house that they want to get rid of anyway. If there is anything else that comes up in your new year's cleaning that you think could help us at the farm, let us know. THANKS !!!
