

Want to get your hands dirty ...

learning the craft of organic vegetable gardening?

Fair Share Farm is Now Offering 2006 Internship

Fair Share Farm, a local vegetable farm, is looking for an intern for the 2006 season. Learn all aspects of running a diversified sustainable produce farm including greenhouse, water management, pest & disease strategies, soil improvement, and harvesting systems. Experience first-hand the community phenomenon sweeping the nation, through our CSA (Community Supported Agriculture) program. We participate in the Growing Growers program, which offers support & education to interns on K.C. area organic farms. Housing, a share of produce, and a stipend provided by the farm. April through October.
